

Legal Conference 2017 – Sponsorship Packages

Packages will be sold strictly on a first come, first served basis.

Legal Conference 2017

A stable, transparent and effective legal environment, both regulatory and contractual, is crucial to attracting continued investment in the UK Continental Shelf.

In recognition of the importance of this discipline, and following very successful legal conferences since 2014, Oil & Gas UK, the country's leading offshore oil and gas trade body, is holding its fourth legal conference planned for September 2017.

Legal Conference 2017

The purpose is to facilitate learning and knowledge sharing whilst also building a stronger network within the legal community.

As the largest industrial contributor to HM Treasury, the UK's offshore oil and gas sector is crucial for the UK, not only in terms of delivering a secure indigenous supply of energy, but in providing jobs and skills throughout the country.

As such, the need for practical advice and innovative solutions from the industry's lawyers has never been more important.

Legal Conference 2017

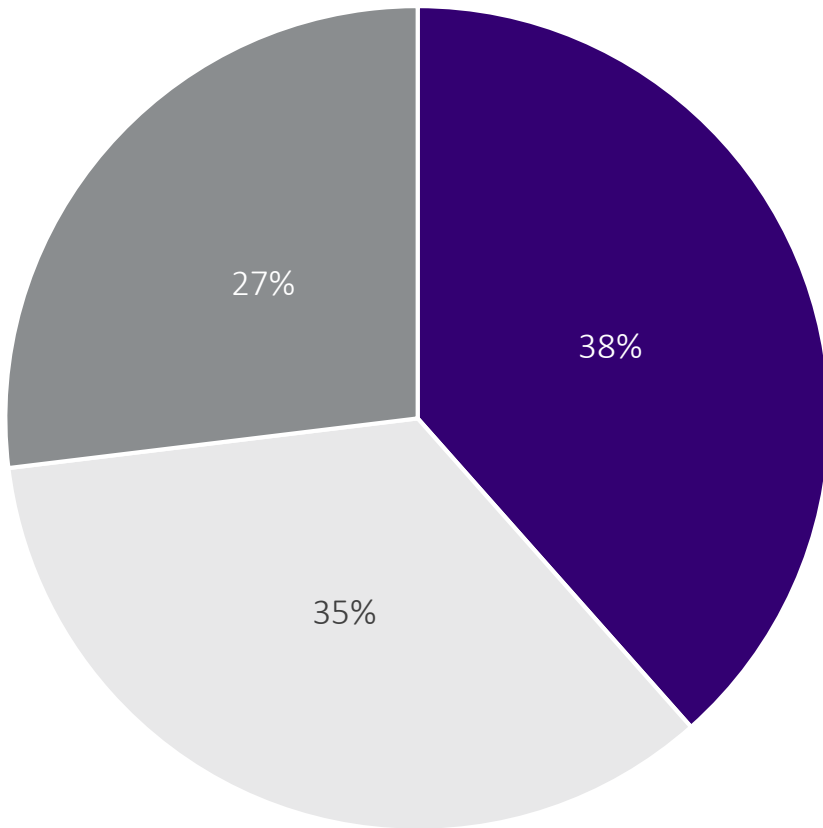

Suitable for in-house and private practice lawyers of all levels and specialist contractors, the conference will feature talks from industry leaders on the key issues facing the sector's legal community, in addition to providing a unique networking opportunity.

The conference includes a drinks reception and dinner and will be held on Thursday 21 September at the Crowne Plaza, Aberdeen Airport.
